AVIATION ICT FORUM

SMARTER AT EVERY STEP
16-17 December 2016
Goa, India

Now in its fourth year, the **2016 Aviation ICT Forum India** will take place on **16-17 December 2016** at the **Grand Hyatt, Goa**, where we will be exploring how our industry can become smarter at every step of the journey. This Forum is hosted by SITA and supported by all leading Industry Associations, Partners and Aviation Stakeholders in India.

Building on the success of the last three ICT Forums in Jaipur and Goa, this two-day event will once again attract executives representing all aviation stakeholders in India and the Subcontinent, along with industry analysts and journalists from industry-focused and mainstream media.

The theme of this year's ICT Forum is '**Smarter at every step**'.

We have an outstanding speaker line up, exploring how tomorrow's air transport industry must gain more insight, engage better with connected travelers, and leverage the potential of the latest smart technologies and innovation.

We will ensure that it will be an enlightening experience for you. In addition to an array of peer networking opportunities across the event, the industry's leading innovators will showcase the latest technologies for air transport.

SUPPORTED BY:

AGENDA

The conference program will address business-critical issues and solutions, providing innovative thinking for future developments.

Find out more about the evolution of the connected aviation industry, driven by vast amounts of data, intelligence, analysis and the growing impact of technologies.

Friday 16 December: Plenary Session

Sharing best practices by Industry Associations and Aviation Stakeholders – Airports, Airlines and Government Agencies, industry IT trends and the latest innovative solutions from SITA Lab.

Saturday 17 December: One-to-One Sessions

Tailored one-to-one meetings with each participating organization.

EXHIBITION

An extensive demo area will be open on the two days giving you the opportunity to test and experience the most advanced solutions for the air transport of tomorrow.

As a delegate you will benefit from:

- Getting up to speed on the latest aviation industry trends
- Listening to prominent industry speakers
- Attending tailored one-to-one sessions with industry experts
- Visiting the exhibition and networking with peers
- Experiencing the latest in aviation technology with live demos
- And enjoying a light and engaging entertainment over gala dinner
